Towels
Laces, Etc.
Furs, Etc.

COME--LET THE VALUES CONVINCE YOU. SALE NOW GOING ON.

OSBORNE & PEARSON

ELECTRIC CITY SPARKLETS

Items of Interest and Personal Mention Caught Over the Wireless on the Streets of Anderson

Revival Continues
To Attract Interest.
The revival services now being conducted at the First Baptist church of Anderson continue to attract much attention from the people of the city and large numbers of people are present at the morning and evening services. Dr. John E. White of Atlanta, who is doing the preaching, is delivering some powerful sermons and the people of the city are much impressed. He is one of the ablest speakers Anderson people have ever heard.

Travelers Had
A Trying Trip.
About the most discouraged looking men seen in Anderson in many moons wandered in yesterday morning from Georgia. There were three men in the party and if there was a single spot on any one of the three not covered with mud, that spot could not be found. The travelers were going from their home in southwest Georgia to Kings Mountain, N. C., and were riding in an automobile without any fenders. They ran into the terrific rain at an early hour yesterday morning and closely resembled drowned men when they got here.

Military Matter
Probably Held Up.
It is hardly probable that any definite action will be taken by the committee appointed at the last meeting of the city council to consider the ap-

propriation from the city for the aid of the Palmetto Rifles the local company of the National Guards. This committee was to investigate the advisability of granting the appropriation and was given power to act. It is understood that the committee has discussed the question but will make no public statement until the meeting of council for November.

Some People
Need Remedy.
Talking cognizance that some people in Anderson are rapidly degenerating into "calamity howlers" or something worse, the Owl drug store has discovered a preparation for the local market which that firm calls "Sorehead." As a matter of fact the medicine is put up for use on chickens but there are several people around town on whom their friends contemplate trying the remedy within the next few days in the hope that it may relieve the habitual grouch with which they are afflicted.

Well That Fair
Doesn't Come Often.
It is probably a good thing for Belton that the town hold only one fair each year, judging from an incident J. Mack King is telling about. According to Mr. King a prisoner was captured by one of the Belton policemen just on the eve of the fair and was locked in the Belton city jail. Later on a gentleman appeared from the country and demanded entrance

into the jail to secure some prize pumpkins he had left in the building, so that the fruit could be arranged for display. According to the Anderson supervisor, the whole town was so worked up by that time over the fair that the policeman opened the door and after getting the pumpkins he helped carry the clear across the square to the place of exhibit, leaving the door of the jail unlocked all the while. Naturally there was no prisoner in the jail when the cop went back to lock the door.

No Need to Depend
Society Upon Cotton.
A total of \$79.60 per acre for "sorghum" raised on his farm is what J. W. Suttles of Level Land, in Abbeville county, has been able to accomplish. Mr. Suttles was in the city yesterday and brought to Anderson some splendid specimens of seeded ribbon cane, raised on his plantation. Mr. Suttles says that this grain acre and he finds a ready market for all he has at 65 cents per gallon. Another well known planter living at Belton says that he raised enough cane syrup during last year to pay all the running expenses of his farm and to have a little left over. Neither of these farmers need to worry about the low price of cotton.

Mr. Smith Had a
Rough Experience.
Writing here to his father, Detective Smith, Clyde Smith, the court stenographer says that he had a very rough and unpleasant experience in Wallhalla a few days ago. As the court stenographer was walking down the street with Judge McManinger, a white man came up behind them and struck Mr. Smith across the head with a crate used for soft drinks. The blow struck Mr. Smith across the head and shoulders but did not injure him much and the stenographer then turned and put the man to sleep, leading him rather severely. It seems that about one year ago Mr. Smith had an altercation at a carnival in Wallhalla with a man named Duncan and it is believed that his assailant was this same Duncan.

Time to Sow
Crimson Clover.
"During this wet spell or during rainy weather within the next few weeks is a fine time for the planting of crimson clover," said Furman Smith yesterday. Mr. Smith says that the farmers of Anderson county should take advantage of this spell of weather and should sow crimson clover broadcast over their wheat and out fields. In speaking of the small grain industry, Mr. Smith says that more corn, wheat and oats will be planted in Anderson county during the coming season than this county ever produced in any two seasons before.

Unique Sign on
Public Square.
A unique sign appeared yesterday on the public square at the corner of Whitner and Main streets. This sign was placed exactly in the center of the square and says on all sides "Keep to the Right." It is impossible for the driver of any vehicle to miss the sign and if the city ordinance in this respect is violated it will be impossible for the offender to plead any excuse other than that he can not read. Three of the signs are to be placed in Anderson, one at Main and Whitner streets, another at Main and Church streets, and the third at Main and Church streets. The sign was manufactured by John W. Shiver of Americus, Ga., and from any angle it reads the same way--"Keep to the Right."

Valuable Man For
Green Pond School.
The trustees and the patrons of the Green Pond school are jubilant over the fact that they have secured for principal of their school a man, acknowledged to be second to none in Anderson county. An understanding was reached yesterday afternoon between the trustees of the school and R. E. Nicholson by which Mr. Nicholson will assume charge of the institution next Monday. Miss Mary Farmer and Miss Carrie Darby will be his assistants and under the instruction of these three teachers the pupils of the Green Pond school will make more progress than ever before in the history of the institution. Mr. Nicholson was formerly superintendent of education for Anderson

county and is an instructor of decided ability.

Shipping Cotton
By Parcel Post.
For the first time in the history of the Anderson post office, four bales of cotton were received here yesterday via parcel post. Such a thing has never been heard of before. Of course the fact that the bales were all miniature slightly changes the situation. A concern in Georgia yesterday sent four small bales of cotton, with perfect bagging and ties, being exact replicas of real bales, to R. W. Tribble in this city. Mr. Tribble arranged a very attractive window display out of the cotton, with a sign in front of one saying, "New York Market Closed, 6 1/2 cents. No Good." In front of the other bale appeared a placard say, "Open the Exchange. Give Us a Market. 10 Cents Per Pound." Mr. Tribble is sitting on one of the bales while Jeff stands to one side in a familiar attitude, looking on.

Officials Pleased
With New Offices.
The office of the county supervisor recently moved from the first floor of the court house to one of the grand jury rooms, has been put into nice shape now and the supervisor and clerk of the board are both beginning to feel at home in their new quarters. The office has nice appointments and a new telephone has been placed up-stairs. This is a great convenience for Mr. King and Mr. Acker and they say that they are decidedly better suited in the new offices than they were in the old.

Great Gains at
Methodist Church.
The St. John's M. E. church of Anderson will receive the largest class into the church next Sunday that it has ever experienced in its history. About 100 names will be added to the roll as a result of a series of meetings recently conducted at that church and the people belonging to St. John's feel that their work is accomplishing something. Sunday morning the baptism of infants will first be begun, next will come receiving the children and finally the adults will be accepted by the church. No sermon is to be preached.

Federal Officer
Has Been Here.
L. M. Overstreet, a collector from the Internal revenue department of the United States government, has been spending several days in Anderson collecting federal tax from local concerns owing for this year and also for the year 1910, 1911 and 1912. S. Frank Parrott, another insurance deputy, has also visited Anderson several times within the last few months for the same purpose. All Anderson concerns familiar with the government's way of doing business, know that there is no use to try to get away with Uncle Sam.

Elks to Have
Informal Ball.
Announcement has been made by the Anderson lodge of Elks to the effect that an informal ball will be held in the new Elks home, corner of Sharpe and McDuffie streets, on the evening of Friday, October 30. This is the first dance of the season for the Elks and it is believed that the affair will prove to be thoroughly delightful.

Flour Advances.
PORTLAND, Ore., Oct. 23.--All grades of flour were advanced twenty cents a barrel here today. Exporters estimated that approximately 250,000 barrels of flour have been sold recently for export from Portland and Puget Sound to Europe.

What Would You Do?
There are many times when one must question another's actions and motives. Men act differently under different circumstances. The question is, what would you do right now if you had a severe cold? Could you do better than to take Chamberlain's Cough Remedy? It is highly recommended by people who have used it for years and know its value. Here, O. E. Carson, Pharm. Ind., says, "Chamberlain's Cough Remedy is what the world is going to take for colds in the future." It is recommended by Evans Pharmacy and all A. & A. stores.

THEATRE LESSEES ARE PLEASED WITH TOWN

KENTUCKY MEN BOTH LIKE ANDERSON

TO LEAVE TODAY

C. H. Bleich and Odie Davis in Anderson for Purpose of Closing Deal.

"We like the town, we like the people and we are going to like running your theatre," said C. H. Bleich of Hopkinsville, Ky., while talking to the secretary of the theatre company and a reporter for The Intelligencer last night.
Mr. Bleich, accompanied by his partner, Odie Davis, arrived in Anderson early yesterday morning and both the visitors put in a busy day here. They conferred with officials of the Anderson Development company, builders of the theatre, they went over the plans for the new play house, they discussed the amusement situation in Anderson, and when night came they were both thoroughly tired out, but said that their first day in Anderson had been very satisfactory.
The theatre men paid a visit to the new amusement place and made a few suggestions about how it should be finished up and also outlined their ideas to the owners of the place concerning the fixtures and furniture for the scenery for the new theatre.
Mr. Bleich and Mr. Davis will appear today at a meeting of the directors of the Anderson Development company and the contract for the lease of the theatre for five years will be signed and all the business affairs wound up.
The Kentucky men will leave some time today for New York.

CALOMEL WHEN BILIOUS? NO! STOP! MAKES YOU SICK AND SALIVATES

"Dodson's Liver Tonic" is Harmless To Clean Your Stagnant Liver and Bowels.

Ugh! Calomel makes you sick. It's horrible! Take a dose of the dangerous drug tonight and tomorrow you may lose a day's work.
Calomel is mercury or quicksilver which causes necrosis of the bones. Calomel, when it comes into contact with your bile crashes into it, breaking it up. This is when you feel that awful nausea and cramping. If you are sluggish and "all knocked out," if your liver is torpid and bowels constipated or you have headache, dizziness, coated tongue, if breath is bad or stomach sour; just try a spoonful of harmless Dodson's Liver Tonic tonight on my guarantee.

Here's my guarantee--Go to any drug store and get a 50 cent bottle of Dodson's Liver Tonic. Take a spoonful and if it doesn't straighten you right up and make you feel fine and vigorous I want you to go back to the store and get your money. Dodson's Liver Tonic is destroying the sale of calomel because it is real liver medicine; entirely vegetable, therefore it can not salivate or make you sick.
I guarantee that one spoonful of Dodson's Liver Tonic will put your sluggish liver to work and cleanse your bowels of that sour bile and constipated waste which is clogging your system and making you feel miserable. I guarantee that a bottle of Dodson's Liver Tonic will keep your entire family feeling fine for months. Give it to your children. It is harmless; doesn't gripe and they like its pleasant taste.

IF YOU ARE RUN DOWN

try some hot biscuit made from Aunt Rose flour. And some of that good old Barbados Syrup and feel yourself grow healthy, wealthy and wise.

The fresh meats that we sell are tasty and tender.

Fresh Fish, Oysters and Dressed Poultry for the week-end, "Nuf sed."
